

# Boxing Day 2007

## Sydney Hobart Race Start

see the start & follow the fleet along the coast

The Sydney to Hobart yacht race is one of the premier sporting events in the world, the best place to watch the start is on board our ocean going vessels.

Included in your cruise:

- Seafood buffet lunch
- Licensed Bar
- Great outside spectator areas
- Live commentary of race
- Air conditioned comfort
- Race TV coverage onboard

It's a great way for friends & relatives, to farewell loved ones on their way to Hobart.

We follow the fleet, not just down the harbour, but also along the coast on their way south.

Our speed means we can keep up with the race leaders and even chat with those on deck (always to leeward, of course).

Please note:

Our cruise will be on the open ocean, please take a motion sickness remedy that works for you.

In case of poor sea conditions we will not be able to follow yachts into the ocean but will complete the cruise in the harbour.
